MILLIONS NOW AVAILABLE FOR SOLDIERS RELIEF

Will Be Known As "Federal Emergency Soldiers' Relief Fund"

Will Be Administered To Those Who Had Misfortune With Their Crops, or Misfortune in Other Ways—Fund Is Also Available For Those Out of Employment

At a meeting of the North American branch of the Canadian Patriotic Fund held in Edmonton on December 29th, 1919, steps were taken to administer the relief for returned men during the winter of 1919-20. The Dominion Government has set aside the sum of \$40,000,000 to be known as the "Federal Emergency Soldiers' Relief Fund," and requested the officials of the Canadian Patriotic Fund to administer by means of their existing organizations. This grant is distinct from the past war assistance of the Patriotic Fund and will be available only until the spring of 1920.

The purpose of the Emergency Fund is to administer relief to all ex-servicemen who are out of employment, or who are on the land and have had misfortune in losing their crop or are in any other way in need during the winter months. Those veterans who have settled on the land through the Soldier Settlement Board may apply to the Supervisor in their district and thus be given aid through the Soldier Settlement Board through this fund. The Patriotic Fund officers are asking the cooperation of the Great War Veterans' Ass., The Daughters of the Empire, Knights of Columbus, and the Supervisors of the Soldier Set-

U. F. A. HOLDS MONTHLY MEETING

Will Try and Get All Makes of Autos on a Flat License Rate

A very successful meeting of the U. F. A. was held on Saturday, January 3rd, at the home of Mrs. Robinson. The object of the meeting was to place down to the lowest minimum, as we know the average patrons of these dances can't afford the big tap every time, even though they are good fellows, etc. Anyway, we think that such a venture would be a success and would fill a long felt want—think it over G. W. V. A. think it over.

LOCAL CURLEURS TO STAGE BIG BONSPIEL

Sweep! Sweep! they're off again! Say, but we sure have a bunch of live wires in the local curling club—they am sure there!

The 19th, 20th and 21st of January, are the days that the Wainwright Bonspiel will be held on. There are three open events, Consolation, Veterans vs. Town. The prizes are certainly good and worth trying after. There will be six sheets of good ice. Better get your outfit in and avoid the rush.

ONE MILLION ALBERTA BONDS DISPOSED OF

Option Given by Hon. C. E. Mitchell Is Taken Up

Another million dollars of Alberta Government debentures have been disposed of, and the year, therefore, ended pleasantly for the provincial treasury. Hon. C. E. Mitchell received advice from Toronto that an option which he had given to the purchasers of the \$2,000,000 already reported has been taken up. The additional million has been bought by the same syndicate that took the rest of the issue and on the same terms. Three firms, Wood, Gundy Co., Ames and Co., and the Dominion Securities, are interested in the purchases.

PROMINENT CAPTAIN COMING TO SPEAK

Captain the Rev. Robert Pearson will be in Wainwright on the 17th and 18th of January. He will speak to a mass meeting in connection with the Inter-Church Forward Movement. Watch the next issue of the Star for further announcements.

\$400 PER WEEK FOR SCHOOL TEACHERS?

Did you ever pursue the "want" columns of the daily papers? If you have, you will have noticed that the demand for school teachers is on the increase rather than decrease. The scarcer an article that is in constant demand gets, the more the price of that article is regulated we have learned. Did you ever stop to consider the salary a school teacher would be drawing if they based their wages on that old argument of supply and demand, etc.?

The number of stars that can be seen by the naked eye in both hemispheres is about 6,000.

The management of the Star would appreciate very much if the different organizations in Wainwright would delegate one of their members to write the minutes of any items of their meetings that they wished published and send them to the Star, and we will only be too glad to publish same.

Around the Town

Eddie Mitchell, of the Owl drug store, Edmonton, spent New Year's with his parents.

Mr. J. M. Patterson, formerly with the Wainwright Pharmacy, and now with the Camrose Drug Co., renewed old acquaintances in town during the last week.

Mr. Clinton Webb, of Alberta College North, visited Mr. and Mrs. G. Mitchell during the New Year holidays.

Mr. Fred Skinner paid a visit to his farm Sunday, and reports that the cattle are still looking the same as ever—with their eyes.

We have heard that if you took a cat out into the country and out off its whiskers it would not be able to find its way home—Charles Ward you are taking awful chances.

Mildred Robinson returned to her home Saturday evening. She spent two weeks with relatives in town.

Murray Pawling returned to the University of Alberta on Sunday last.

A jolly time was spent by a number of local young folk on New Year's night, at the Park hotel. Dancing was indulged in till 12 o'clock. A luncheon was served. During the evening Mr. Roberts sang a couple of nice solos.

MR. MUNN RECEIVES A PROMOTION—GOES TO RED DEER, ALTA.

It is with regret that we have to report that the manager of the local branch of the Merchants Bank is going to leave Wainwright. Mr. Munn has held the position of manager of the local bank for five years and has, in that time, established for himself an enviable reputation. Mr. Munn's promotion will give him the opportunity of living in one of Alberta's pretty towns, Red Deer, for it certainly has the reputation of being one of the beauty spots on the C. and E. line. Red Deer has five banks in business.

Mr. C. H. Rowe, of the Tyfield branch of the Merchants bank will take Mr. Munn's position here.

EXPECT TO LEAVE FOR CALIFORNIA

Mr. and Mrs. W. J. Stuart, expect to leave Wainwright in the very near future. Mr. Stuart's health has not been of the best of late and it is deemed advisable for him to take a rest. They are expecting to spend about three months on the Pacific coast, and also take in the principal parts of California.

Plans this on your mirror: At 9:30 Saturday Morning we will commence Our Great Sale. See Large Posters, Fraser and Co. C-1

ENJOYABLE CONCERT IN WAINWRIGHT HOTEL

Friday evening of last week found the Wainwright hotel packed to the doors with a jolly and appreciative audience who had gathered to hear that wizard of the piano, Mr. Curran pound the ivories. Also to hear some very good vocal selections sung by Mr. Roberts.

We certainly hope to hear more of the form of amusement in the near future.

We think if some of the five wires of this town got busy, it would not be long before we could boast of an A-1. choral society—the material is here only waiting for someone with organizing ability to bring it out.

I will meet you at Fraser's after 9:30 a.m. Saturday. C-1

"HELLO" TO FARYAN NOW, IF YOU WISH

The telephone line men have finished their work of putting the necessary means of communication between Wainwright and Faryan. Although it is but a drop in the bucket as it were, to the other extension runs to other districts, it all tends to build up the country in which it has been put through, and give the inhabitant living therein the means of rapid communication in times of emergency.

SPEAKS WELL OF THE GREAT NORTHLAND

Bob Simmerman, who spent Christmas and New Year's in town, returned to Spirit River last week. He speaks highly of the Waterhole and Spirit River districts as a mixed farming country. He says that one can look for miles and see nothing but acres of ready to plow and seed land of the rich black loam variety, broken here and there with timber bluffs which enhances the beauty of the country.

Mr. Simmerman is dealing extensively in cattle and horses.

Fraser's Great Annual Pre-Inventory Sale starts Saturday January 10th, and runs for fourteen days. C-1

A. P. P. COURT

Alex. Chartier Is Fined \$2.00 And Costs For Infraction Of The School Act

In the Provincial Police court, Monday, Alex. Chartier was admonished by Const. Bill Holtsbaum to answer a charge of failing to send his 14 year old son to school. He appeared before J. H. Dawson, P. M. He told the magistrate that the boy had been sick the earlier part of 1919, and that in the fall he found that he was so busy that he had to use him. The magistrate explained to him that the laws of this country prohibited child labor, and that he would have to get a hired man to do the work that the boy was doing, if he must have it done. After a lengthy hearing, the magistrate fined him \$2.00 and costs. Constable Holtsbaum prosecuted for the crown. C-1

The Woolly One "Fall" For The Sheaves and Are Minus a Brother

The Buffalo Park was the scene of a hunt one day last week, and only the fact that the orders were to shoot one and no more stopped the bag from being larger than it was.

It has come to our ears that there was some argument as to the best method to follow so as to get Mr. Buffalo lined up with the gun that was in the hands of Mr. Dave Davison. Mr. Frickleton, who was at the "killing" conference, suggested that the old dodge of putting salt on the tail of the animal in question might work to good advantage. Mr. Lawrence of the Model Meat Market, who was also present, said that he had tried that with a hoosier bird once and it did not have the desired effect. Mr. Frickleton then explained how an old time friend of one of his uncles heard from another man that lived down in Kentucky, and who own a tobacco plantation, who heard from a dorky that a good way to kill a Buffalo was to take a pen and stick the business end of the animal's head, just back of the horns. The conference adjourned to meet in an hour's time.

Conference No. 2.—Moved by Lawrence, seconded by Frickleton, that the only feasible way to kill a Buffalo was to consult the chief, and everyone agreed. The chief, Mr. Smith then explained that the best plan would be to get a hay wagon and a team, put about half a dozen sheaves in and for all to take a jaunt across the park. The Buffalo would see the wagon, get curious, smell the sheaves, get hungry—just like that. When Mr. Buffalo came within range, Mr. Davison, who is a nimrod from away back, was to take steady aim with his thrifty iron and shoot.

The conference decided that the chief's suggestion was by far the best put forth. They voted on it and it carried. Needless to say, they got the Buffalo, and it was a dandy 4 year old.

The Buffalo is to be used at the R.N.W.M.P. banquet that is being given in Edmonton in honor of the R. N. W. M. P. veterans' association.

PLEASE TELL US

When are they going to enlarge the present telephone office—two's company three's a crowd.

How it came that Bill Glass took the wrong job, and lost \$215?

How it comes that when we asked a certain young dandy—who's daily query is "what name, please"—what part of Edmonton she came from, she replied: "Strathcona—what does she mean, Strathcona?"

Is it so very hard to keep that resolution—"Better make it '40" Doctor.

G. W. V. A. FIRST ANNUAL DANCE PROVED A HUGE SUCCESS

About Three Hundred and Fifty Were in Attendance—The Ladies Take Advantage of Ladies Choice—The Wainwright Orchestra Delivers the Goods

The community spirit and the good fellowship that was so much in evidence at the G. W. V. A. New Year's Eve dance will be remembered by many for a long time to come. The Wainwright orchestra seemed to have made up their minds that if the success of the evening depended on them they would give the best that was in them, and give it they did.

At nine o'clock the happy couples took the floor by storm and it did not long to see them tripping across the floor dancing the light fantastic. Mr. Brunker again displayed his desire to do everything in his power to make the evening a success by handling the lights to produce the necessary effects for a moonlight waltz, which was staged at 10:45. It was very pretty to watch the dancers as they circled under the rays of the "moon."

At 12:00 o'clock the supper waiters were the big event, and 1920 was ushered in with happy hearts and smiling faces. They got some of the ladies cure gave him years a merry complexion. We noticed one young man in particular who was doing a kind of business in accepting invitations from the ladies for the "next" dance.

The number that attended must have been near the three hundred and fifty mark. The

visitors came from as far as Edmonton. We also noticed G. W. V. A. visitors from Irma, Green-shields and Gilt Edge, etc.

The hall was very tastefully decorated for the occasion with bunting, flags, etc. Lunch, which was partaken of just after 12, was served by the L.O. D.E. and those assembled saw paid due justice to it.

At no time was the evening dull, for as fast as the orchestra finished one piece of music they seemed to be playing another. If the floor was a little too crowded for comfortable dancing, the "resolution" clubs were formed around the hall and the same old vows were made. We overheard one resolution made by a certain young man to a certain young lady, that as long as he worked at the " " his slogan would be "down with liquor."

The maiden replied, "which way! At this stage, retreat was sound and WE RETREATED. We'll hear more of this later—won't we thought. Towards the wee hours the audience began to go home, but it was not till 4:30, a.m. that the night's revelry really ceased.

Much credit is due the committee for the way they got busy from the very first start of the affair. All one had to do to prove that they had a live committee was to—if they were there—review the dance from start to finish and you

CLEAN-UP OF U.S. RADICALS

Attempt to Overthrow Government—Incriminating Documents Found

WASHINGTON—Arrests in the nationwide radical raid this week had exceeded 4,500 and it is estimated that more than half of this number probably will be held for deportation, officials said.

In a sweeping drive against radicalism, agents of the department of justice were completing today nationwide raids against Communist organizations, in which several thousand radicals were taken into custody, with a view to deportation.

The government hopes to fill another Soviet ark and send it across the Atlantic to Bolshevik Russia, where the radicals will be permitted to join their kith and kin. The department of justice estimated that three thousand "undesirables" would be caught in the dragnet spread over the nation and

with their deportation, it was believed the backbone of radicalism in America will have been broken.

Attempts to organize the negroes in a movement to overthrow the present political and economic system of the United States were also exposed, it was said, and they admitted that the propaganda was of such far reaching effect that trouble may yet be expected in some negro communities.

MYSTERIOUS AFFAIR AT PHOENIX PARK MONDAY MORNING

LONDON—There was another mysterious affair in Phoenix Park shortly after Sunday midnight, says a central news dispatch from Dublin. A volley of shots was heard in the park. Then all was quite for twenty-five minutes when a fusillade started and lasted for several minutes. It apparently came from the fort near the vice-regal lodge.

It is also stated that from then until dawn the park was scoured by armoured cars with bright search-lights. No official explanation has yet been made.

"GREEN" EYES A BIG SUCCESS

Dorothy Dalton, the famous star in Paramount Pictures, made a distinct hit in her latest photoplay, "Green Eyes," at the leading photoplay houses in New York recently. This is a charming story dealing with the troubles of a jealous husband who fancies because his wife is much younger than himself and a beauty, that he is bound to lose her love. But he doesn't. There are numerous dramatic situations of great strength in the picture and the supporting company is excellent, chief among the players being Jack Holt, Doris Lee, and Robert McKim. The picture, which was produced under the supervision of Thos. H. Ince, is one of the best vehicles for Miss Dalton that has been presented here in several months and it will prove a genuine delight to all who are fortunate to see it. It will be presented at the Elite next week, January 16-17.

DAINTY LILA LEE QUITE AT HOME IN FIRST FILM ROLE

Plays Part of Big Hearted Girl in "The Cruise of the Make-Believes"

It is doubtful if any imaginary character and the actress portraying it ever had more in common than pretty Lila Lee, the diminutive screen actress and the character of Bessie Morrison, which she assumes in her first Paramount picture, "The Cruise of the Make-Believes," and which will be at the Elite next Monday and Tuesday, January 12-13.

In this picture Bessie is shown as a big hearted little girl, highly imaginative and sympathetic. In real life that describes Lila Lee. She is sixteen years old and she combines the charm of imaginative and sparkling youth with the acting ability of a much older actress.

She has had already eight years on the speaking stage and she has assimilated the technique of acting before the camera with astonishing quickness. It is doubtful if a better vehicle than "The Cruise of the Make-Believes" could have been selected for her first picture.

When About To Buy a Cream Separator, Note The Following Facts on

THE DE LAVAL

ALL other cream separators made today, excepting none, are constructed upon either discarded or abandoned De Laval inventions, in consequence of which the very best of them are barely equal to the De Laval machine, of ten years ago.

The De Laval has received all highest honors and first prizes at every important Exposition, World's Fair etc., held within the past thirty years, and is the only separator which is used in every country in the world.

More than 1,750,000 De Laval machines, many times all others combined, have been sold to date—THERE'S A REASON.

WANTS WEST TO GROW FLAX

R. Key Points Out Where Canada Has Chance To To Export Fibre

WINNIPEG—L. H. Key, of this city, is interviewing the Board of Trade and Manitoba Agricultural Department in regard to encouraging the flax fibre industry in the west. He believes that there is a great possibility for the industry, as at the present time 50,000,000 lbs. are imported into Canada from the United States every year. 40,000,000 lbs. of which is used in western Canada.

Mr. Key advocates that the flax be grown for fibre and not seed. He contends that the fibre could be exported to Great Britain, and the seed could be made into binder twine for use in western Canada.

Before the war Russia supplied 75 to 80 per cent. of the world's total output of fibre flax, and now that their output has fallen to almost nothing, it is a chance for western Canada to take its place, said Mr. Key—Calgary Herald.

NOTE—in our issue of Dec. 31st, we published an article calling attention of the farmers to the fact that the Dominion Government are offering to supply flax seed free to farmers who are desirous of going in for flax raising.

ROBBERIES IN EDMONTON

There seems to be an organized gang of burglars operating in Edmonton. A gang of masked men held up Mr. McGavin of McGavin's bakery, and took \$1,100 from the safe.

A burglar broke the store window of an 101st Street Jeweler and got away with a bunch of valuables. These, combined with other burglaries are giving the police a work-out.

ONE BORN EVERY MINUTE

CHICAGO—Three men are under arrest for selling John Lamoree two barrels of rain water for \$1,500. He was a victim of the ingenious "funnel" game which relies for its success on the fact that what comes out of the bung may not be a true sample of the entire contents.

SASKATOON IS GROWING

WOMEN'S HOLD MEETING

Four Response So Far To The Appeal For Old Clothes, etc.

The regular monthly meeting of the women's institute will be held on Saturday, January 10th, at 3 p.m., at the home of Mrs. Telford, 6th avenue, 3 doors west of Queen street.

The institute relief committee report that there has been very little response to the appeal for old clothes, boots, etc., and there is an urgent appeal sent in from several for children's clothes for all ages, also infants clothes. Owing to the notice given to the press during the holiday week, we think that the people were too busy to notice same, and believe that has been the reason for the poor response to the appeal.

The appeal is: any one having old clothes to spare of any kind be good enough to leave same at the pack hotel, or send a card to Mrs. Yeager, box 56, where to call for goods. The relief committee, Mrs. J. Middleton and Mrs. F. J. Telford will attend to the distribution. Mrs. W. W. Yeager, President W.I.

RESULTS OF BEAN CONTEST

Mrs. James Moffat Wins The Handsome Dining Room Suite in Contest

The results of the guessing contest that was staged by four of our progressive local merchants, are officially handed to us at last. The winner had to guess the correct, or nearest correct, number of beans in a jar. The contest, as it drew to a close, was the means of creating no little excitement.

The Result Messrs Fraser and Co., Washburn, Snyder and Montgomery.

Gentlemen—Judges Report of Estimating Contest.

The number of beans counted from the sealed jar delivered to us at the close of your contest on the night of December 24th, 1919, was 6,986.

Having closely examined the contents of the five sealed ballot boxes, we found several of the estimates were correct. That of Mrs. James Moffat being the first from the necessary draw, we declare her entitled to the prize.

Yours Truly, N. S. Kenny, R. H. Watson.

The judges of the contest, having declared Mrs. James Moffat winner of the prize, we, the undersigned merchants of Wainwright, have duly delivered the dining room, suit, as advertised, to her, and we congratulate her on her good fortune.

Signed, Fraser and Co., W. E. Washburn, H. C. Montgomery, R. Snyder.

HOW THEY DO IT PITTSBURG, PA.

PITTSBURG, Pa.—Distribution of its large stock of wines and liquors as a dividend to its shareholders was announced today by the Pittsburgh Hotels Company, operating the William Penn and Fort Pitt hotels here.

Mrs. C. W. Turner wishes to announce that she is a candidate in the Edmonton Bulletin's contest. She would appreciate very much if the citizens of Wainwright would give her all the support possible in the way of clipping coupons and all renewals and new sales over to her. C-Jan 19

C-O-A

There is no getting away from the fact that some coals are better than others. Of the coals mined in the mountain district HUMBERSTONE or TWIN COALS has always held an enviable position. In fact they light quickly in the morning, burn a long time at night and produce NO CLENKERS and NO LITTLE ash. We sell HUMBERSTONE LUMP and TWIN CITY. Then we also handle IMPERIAL NEWCASTLE, the best coal mined at Drumheller, this is a better coal than the above coals very hard and brittle, in fact the best coal that we have ever had the pleasure of offering to our customers. The majority of the people of this town have found it to be the cheapest and most satisfactory coal they can use. This coal will hold a hot fire longer than any other coal you can get.

We also stock the famous DOBELL COAL, a softer coal than any of the above. This coal is from McLeod's best mine and will give you a very quick hot fire. This coal has many friends who insist on having it and none other. We are able to have this coal on hand at all times while the other coals are harder to get.

WE SELL DOBELL LUMP AT \$6.00 PER TON Give us your coal orders and get real coal satisfaction.

JURY WAS BLUE, MAYBE

UNIONTOWN, Pa.—Nathan Barrow was charged by Harry Green with the theft of five hams. Barrow declared he had been listening to a phonograph playing "I've Got The Alcoholic Blues" and being in sympathy with the song he felt asked to sing it. Barrow did and the jury freed him.

CHAPLIN GLOOM MAKES WORLD LAUGH AT HIM

Rarely Smiles Himself, But Conveys All With His Comical Antics

Charlie Chaplin himself laughs so seldom that the public often wonder what it is that makes them laugh. Almost throughout the five acts of "Chase Me Charlie a British version of the funniest Essanay-Chaplin comedies, his face is wrapped in gloom. He expresses pique, anger, resentment, stupidity, and almost every other emotion, but rarely joy or fun.

The psychology of his causing others to laugh does not lie in making his spectators laugh with him, but at him. In fact, it is largely his dolorous countenance over the peculiar situations in which he entangles himself, that sets the spectators into roars of laughter. Chaplin does not laugh with him, but at him. GRIP, INFLUENZA

Hamlin's Wizard Oil A Reliable Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, pour the throat and sniff the mixture up the nose. This treatment sets up an authentic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 10¢. If not satisfied, return the bottle and get your money back.

Ever contemplated of how sickening a cold? Just try Wizard Liver White. Pleasant little oil. See it in drug store. Guaranteed.
